

## Set up a Wi-Fi Connection

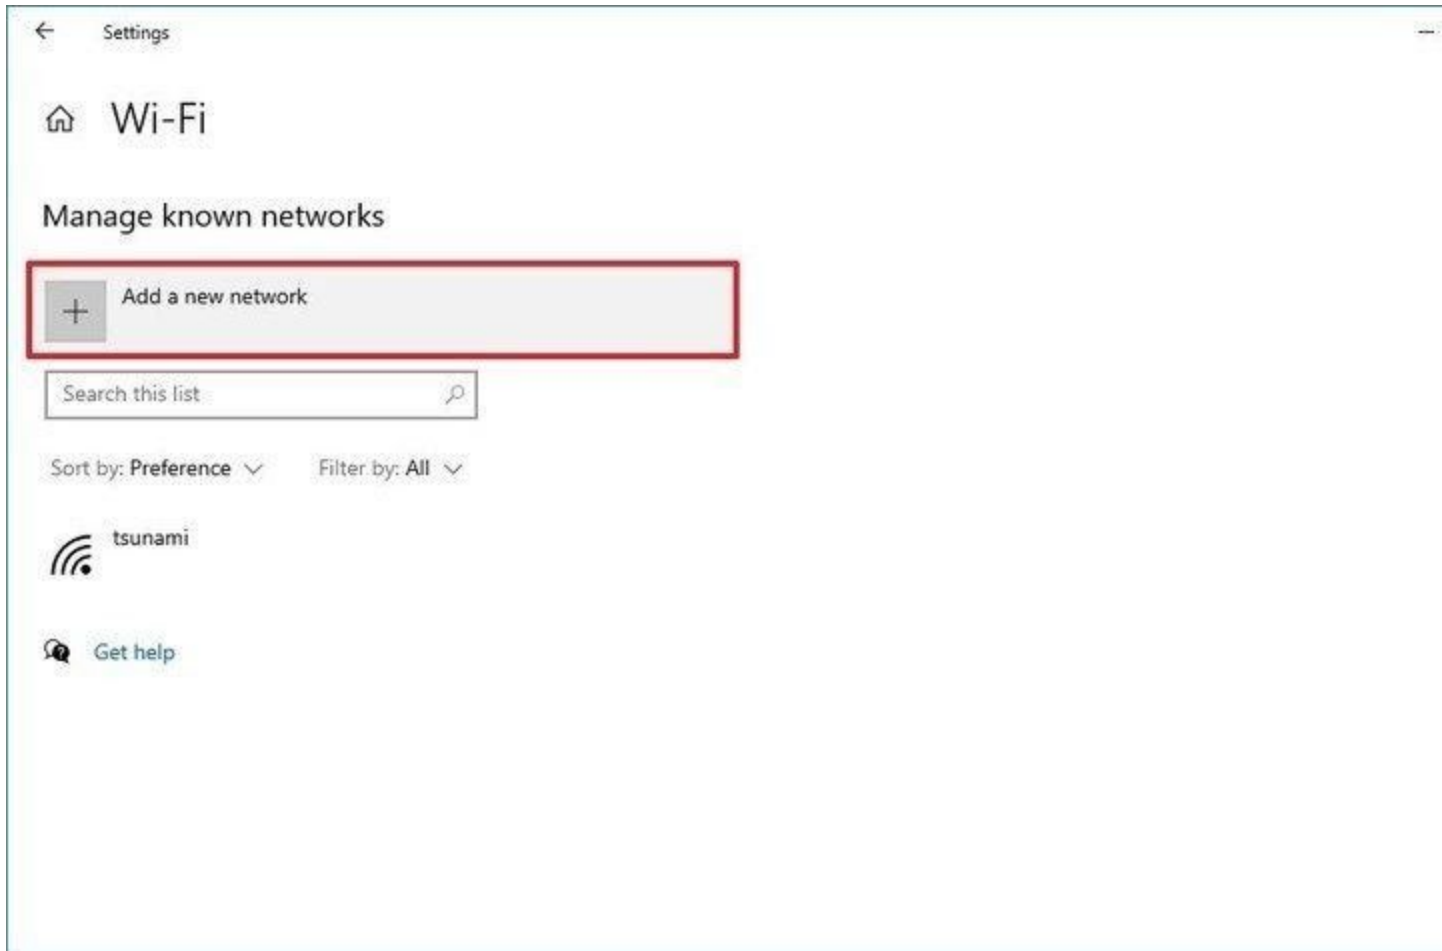

To set up a Wi-Fi connection with the Settings app, use these steps:

1. Open **Settings**.
2. Click on **Network & Internet**.
3. Click on **Wi-Fi**.
4. Click the **Manage known networks** option.

## Set up a Wi-Fi Connection

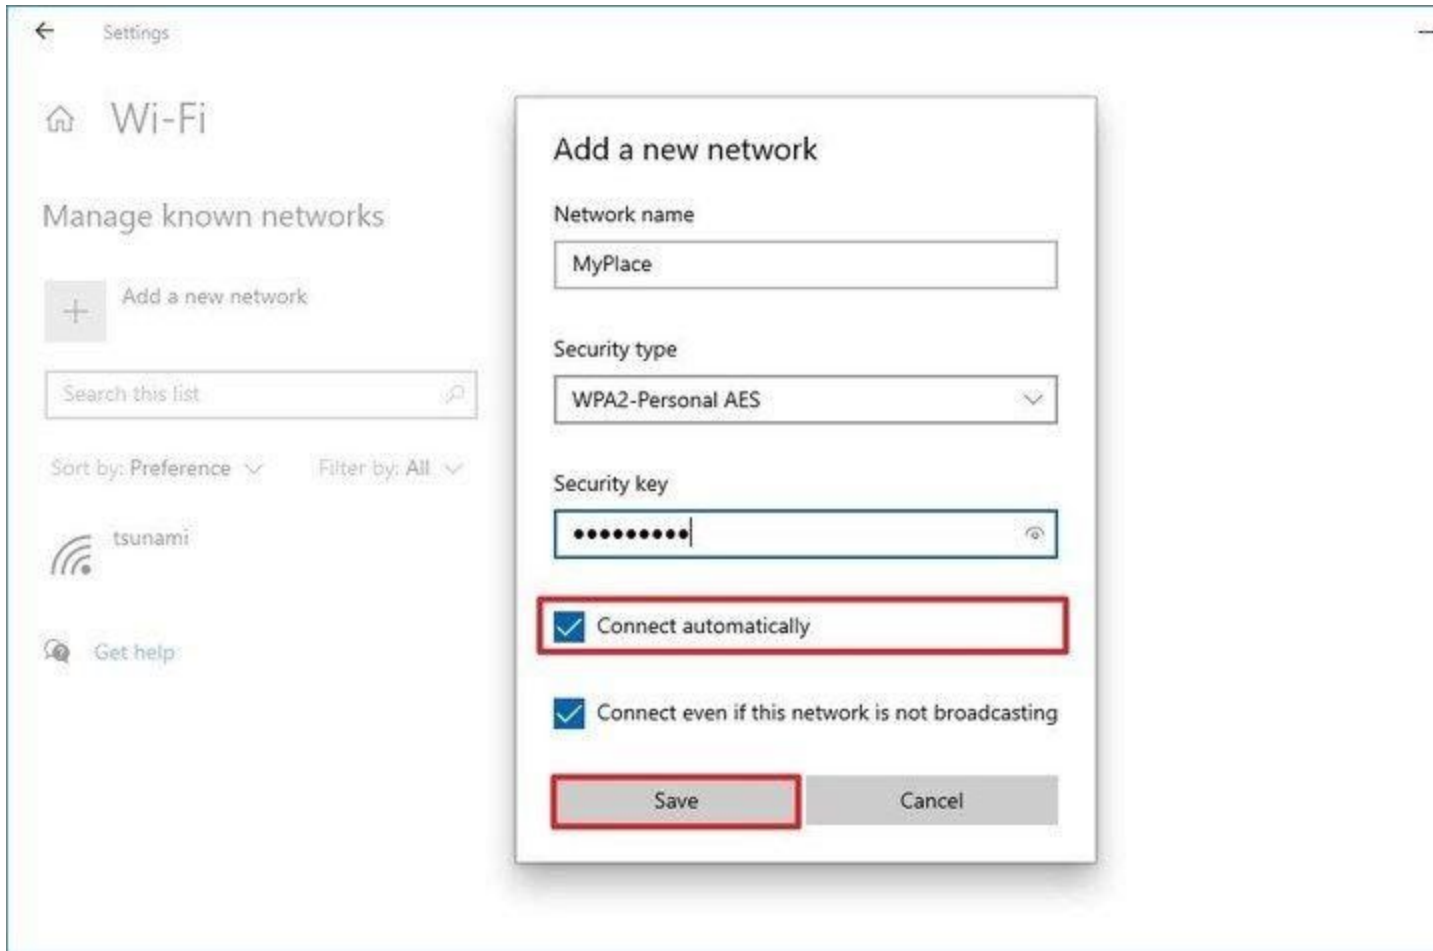

5. Click the **Add a new network** button.

6. Confirm the name of the new network.
7. Use the drop-down menu to select the **Security type**. (Usually, the security type is **WPA2-Personal AES**.)
8. Confirm the network security key (password) as necessary.
9. Check the **Connect automatically** option.
10. Check the **Connect even if this network is not broadcasting** option (optional).

## Set up a Wi-Fi Connection

11. Click the **Save** button.

After you complete the steps, the computer will connect automatically to the Wi-Fi network you specified when it's range.
