Emergency Kit Information:

A primary concern of our school staff is the safety and well being of our children. In the event a major natural disaster, extended lockdown, or other severe emergency occurs, all students will be kept at school until they can be safely released. The school could be caring for your child(ren) for several hours or more. We are asking each student at Lackamas to have his or her own bag of emergency supplies. Please also remember to keep your contact information up to date in the office.

All students should keep a seasonally appropriate change of clothes in their backpack at all times. The health room keeps a very limited amount of emergency items.
