SCHOOL BOARD MEETINGS

Meetings of the board will be scheduled in compliance with the law and as deemed by the board to be in the best interests of the district and community. Therefore, the board will function through (1) regular meetings, (2) special meetings, and (3) emergency meetings.

Public notice will be given for any special meeting, whenever a regular meeting is adjourned to another time, or when a regular meeting is to be held at a place other than the district board room.

REGULAR MEETINGS

Regular meetings generally are held on the second and fourth Thursdays of each month in the District Office Board Room at 107 First Street North, Yelm. Meetings on the second Thursday of the month are generally considered study sessions and begin at 5 p.m. Meetings on the fourth Thursday are the monthly business meetings and begin at 7 p.m. Times and locations may vary as determined by the presiding officer or by majority vote. Proper notice will be given to each board member, the public, the press, and other interested parties if regular meetings are to be held at places other than the board room or are adjourned to times other than a regular meeting. All scheduled meetings are posted on the district calendar and on the web site at www.ycs.wednet.edu/board/minutes.

SPECIAL MEETINGS

Special meetings may be called by the president or on a petition of a majority of the board members. A written notice of a special meeting, stating the purpose of the meeting, will be delivered to each board member not less than 24 hours prior to the time of the meeting. Written notice will also be sent not less than 24 hours prior to the meeting to each local newspaper of general circulation and to any radio or television station that has filed a written request for such notices. Business transacted at a special meeting will be limited to that stated in the notice of the meeting.

EMERGENCY MEETINGS

In the event of an emergency involving possible personal injury or property damage, the board may meet immediately and take official action without prior notification.

All meetings are open to the public with the exception of executive sessions authorized by law. Any final action will be taken at an open meeting.

MEETING CONDUCT AND ORDER OF BUSINESS

All board meetings will be conducted in an orderly and businesslike manner using Roberts Rules of Order (Revised) as a guide, except when such rules are superseded by board bylaws or policies.

OPEN MEETINGS

All meetings, including study sessions and retreats, must be advertised as meetings that are open to the public. If the board wishes to devote all or most of a special meeting to an issue(s) to be discussed in executive session (Policy 1410), the special meeting should be called to order and recessed to an executive session. The purpose of the executive session should be announced and recorded in the minutes.

MEETING NOTICES

A regular meeting does not require a public notice if held at the time and place provided by board policy. If the board does not meet at its regular location, the meeting should be treated as a special meeting with proper notice to the press stating the time, place, and purpose of the meeting.

PRESENTING AT BOARD MEETINGS

If you are scheduled to present to the board at either the monthly study session or business meeting, please contact the executive assistant at 458-6139 for assistance. Any written documentation you intend to provide to the board members may have to be submitted in advance to be mailed to the members in their board packets.

PAYROLL INFORMATION

TIME SHEETS AND CUTOFF DATES

In order to ensure proper payment, all payroll time sheets must be turned in at the building level. Please check with your location to find out the proper procedure. All payroll must be received in the Payroll Office by the 5th day of each month. Contracted regular time is paid over 12 months, September through August. Leave taken and payment for extra hours worked, committee meetings, in-services, additional days, overtime, etc., are processed the month following the activity.

PAY DATES

Pay dates fall on the last weekday (M-F) of the month, excluding holidays. All direct deposit slips are sent to the work location prior to payday. All paychecks are mailed to the employee's address on file the day before the payday. CHECK YOUR WITHHOLDING FORM

Since you last filed Form W-4, did you marry, divorce, gain or lose a dependent, or change your name? Have you had major changes to your family income or itemized deductions? If you answered yes to any of these questions, you may need to file a new Form W-4. Please contact the Payroll Office to update your filing status.

BENEFITS PROGRAM

If eligible, employees must sign up for benefit coverage within 30 days of hire or during the open enrollment period from August 24 to September 30, 2017. After the open enrollment period, changes to insurance policies may take place only when there is a qualifying event (e.g., marriage, birth, legal adoption, divorce, death, loss of other coverage, etc.) and within 60 days of the qualifying event. Enrollment is not automatic. Employees must complete medical applications (online or by form) to be covered by medical plans. The following benefit programs are currently available through Yelm Community Schools:

FAMILY DENTAL PLAN

Dental is a required participation program for employees working 720 hours or more per school year or certificated employees working at least .5 FTE in a regular contracted position. This insurance covers you and your family. Employees need to complete an online application for this coverage.

FAMILY VISION PLAN

Vision is a required participation program for employees working 720 hours or more per school year or certificated employees working at least .5 FTE in a regular contracted position. This insurance covers you and your family. Employees need to complete an application for this coverage.

However, if you are eligible and do not enroll, it is required that you sign a waiver denying coverage offered with Yelm Community Schools. Employees who work an average of 17.5 hours (Aetna) or 20 hours (Group Health) per week, in any regular position, are eligible for medical insurance. The district may pay all or part of this benefit plan premium. Your portion will be taken out before taxes (Section 125 Plan) unless requested otherwise. Employees need to complete an application for medical coverage (online or form).

SECTION 125 PLAN – MEDICAL REIMBURSEMENT/DEPENDENT CARE

Enrollment is voluntary for medical reimbursement accounts. The plan period is from October to September of each year. Enrollment forms are available on September 1 and must be completed and returned to Payroll by September 15 for the next plan year. DIRECT DEPOSITS

An employee's wages are directly deposited into a bank or a credit union account as required by all district collective bargaining agreements. Authorization for Direct Deposit forms are in the Payroll Office. It takes two months after the Payroll Office receives your completed form for the actual direct deposit to become effective.

SALARY INSURANCE

Salary insurance is a voluntary participation program and entirely paid for by the employee. Booklets explaining long-term and short-term coverage are available in the Payroll Office. Employees must sign up for the benefit coverage in the Payroll Office within 30 days of hire or during the open enrollment period, August 24 to September 30, 2016.

PERSONNEL LEAVES

Upon the recommendation of the superintendent or designee and in accordance with the law and district policy, staff may be granted leaves unless the applicable collective bargaining agreement provides otherwise.

ASSOCIATION LEAVE

Association Leave is granted subject to the conditions outlined in any applicable collective bargaining agreement.

BEREAVEMENT LEAVE

Bereavement Leave is granted subject to the conditions outlined in any applicable collective bargaining agreement.

BIRTH OR ADOPTION OF A CHILD

The district will grant leave upon the same terms to male employees as is available to female employees upon the birth or adoption of the employee's child. Leave will be granted upon the same terms to employees who become adoptive parents or stepparents, at the time of birth or initial placement for adoption of a child under the age of six, as is available to employees who become biological parents. Such leave is available only when the child lives in the employee's household at the time of birth or initial placement.

EMERGENCY LEAVES

The board recognizes that the demands of the workplace and of families need to be balanced to promote family stability and economic security for school district employees. Conditions for the authorized use of accumulated sick leave for emergency leaves are to be fairly construed in a manner consistent with state and federal law and other relevant district policies. In the event the staff member's sick leave has been exhausted, the leave may be granted without pay.

FAMILY ILLNESS

District staff members may use accrued sick leave to care for a member of said employee's immediate family and household where such a member of the employee's immediate family is unable to care for himself or herself.

FAMILY MEDICAL LEAVE ACT (FMLA)

The Family Medical Leave Act requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to "eligible" employees for certain family and medical reasons. Employees are eligible if they have worked for a covered employer for at least one year, and for 1,250 hours over the previous 12 months, and if there are at least 50 employees within 75 miles. Yelm Community Schools requires the use of paid leave when it is available. Yelm Community Schools defines the leave year as a rolling 12-month period measured backward from the date on which the employee uses any FMLA leave.

JURY DUTY / SUBPOENA LEAVE

Jury Duty / Subpoena Leave is granted subject to the conditions outlined in any applicable collective bargaining agreement.

MATERNITY LEAVE

A staff member may use accumulated, paid sick leave for the period of actual disability attributable to pregnancy or childbirth. This period of disability shall extend from the date of birth for a period of not more than 60 days, unless an actual period of disability which begins prior to the date of birth or continues beyond 60 days is otherwise verified in writing by the employee's physician.

MILITARY LEAVE

Military Leave is granted subject to the conditions outlined in any applicable collective bargaining agreement.

PERSONAL LEAVE

Personal Leave is granted subject to the conditions outlined in any applicable collective bargaining agreement.

UNPAID HOLIDAYS FOR REASON OF FAITH OR CONSCIENCE

District employees may request up to two days of unpaid leave for reasons of faith or conscience subject to certain conditions listed in Policy 5409.

All available leave options may not be specifically listed; other personnel leave options may be available to you. Please refer to your collective bargaining agreement for additional information. You may also contact the Human Resources office (458-6105) with any inquiries. (Policy 5404 and other cross-referenced policies)

LEAVE SHARING

The district's leave sharing program allows district employees to donate sick leave/annual (vacation) leave days which are eligible for leave sharing to an employee who is suffering from, or has a relative or household member suffering from, an extraordinary or severe illness, injury, impairment or physical or mental condition. This program is intended to extend benefits, in a manner consistent with state law, to an employee who otherwise would have to take leave without pay or terminate his/her employment with the district. For additional information, please contact the Assistant Payroll Coordinator at 458-6136.

NONDISCRIMINATION

POLICY 3210

Yelm Community Schools does not discriminate in any programs, activities, or employment opportunities on the basis of sex, race, creed, religion, color, national origin, age, veteran or military status, sexual orientation, gender expression or identity, disability, or the use of a trained dog guide or service animal and provides equal access to the Boy Scouts and other designated youth groups. The following employees have been designated to handle questions and complaints of alleged discrimination:

Civil Rights: Greg Davis, 360-458-1900, gregory_davis@ycs.wednet.edu

Title IX Coordinator: Lisa Cadero-Smith, 360-458-6120, lisa_cadero-smith@ycs.wednet.edu

504 Coordinator: Shannon Powell, 360-458-6124, shannon_powell@ycs.wednet.edu.

Address: 107 First St. N, PO Box 476, Yelm, WA 98597.

Yelm Community Schools will also take steps to assure that national origin persons who lack English language skills can participate in all education programs, services and activities. For information regarding bilingual education, contact the Assistant Director of Special Services at 360-458-6124.

AFFIRMATIVE ACTION PLAN

The district, as a recipient of public funds, is committed to undertake affirmative action which shall make effective equal employment opportunities for staff and applicants for employment. Such affirmative action shall include a review of programs, the setting of goals and the implementation of corrective employment procedures to increase the ratio of aged, persons with disabilities, ethnic minorities, women and Vietnam veterans who are under-represented in the job classifications in relationship to the availability of such persons having requisite qualifications. Such affirmative action shall also include recruitment, selection, training, education and other programs.

The superintendent shall develop an affirmative action plan which specifies the personnel procedures to be followed by the staff of the district and shall ensure that no such procedures discriminate against any individual. Reasonable steps shall be taken to promote employment opportunities of those classes that are recognized as protected groups—aged, persons with disabilities, ethnic minorities, women and Vietnam veterans. (Policy 5010)

The current Affirmative Action Plan is posted on our web site under Human Resources.

STAFF SAFETY

POLICY 6511

The board recognizes that safety and health standards should be incorporated into all aspects of the operation of the district. Rules for safety and prevention of accidents will be posted in compliance with OSHA and WISHA requirements. All hazardous chemicals will be identified and properly labeled. Staff members will be trained in the use of these chemicals

specific to their respective jobs. Proper records will be maintained to verify that all of the preventive and safety measures are in place. Injuries and accidents will be reported to the district office.

Each school and work site will have first aid supplies readily accessible and a designated first aid area. Each new employee will receive safety orientation training and must sign a form stating that training has been provided. Any existing employee who transfers to a new building or work site will also receive safety orientation training for that new location. Employee safety orientation training is generally provided each year for newly hired certificated staff members. It is important that staff, new and continuing, become informed on safety-related issues and be proactive in safety awareness.

For additional information about the district's safety program, contact Facilities Director Chris Hansen (458-6128), your building principal or immediate supervisor.

SAFE AND DRUG-FREE SCHOOLS, COMMUNITY & WORKPLACE

The board has an obligation to staff, students and citizens to take reasonable steps to assure safety in the workplace and to provide safety and high quality performance for the students that the staff serves.

"Workplace" is defined to mean the site for the performance of work done in connection with a federal grant. That includes any school building or any school premises; any school-owned vehicle or any other school-approved vehicle used to transport students to and from school or school activities; off school property during any school-sponsored activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district where work on a federal grant is performed.

For these purposes, the board declares that the following behaviors will not be tolerated:

- Reporting to work under the influence of alcohol, illegal chemical substances or opiates.
- Using, possessing, transmitting alcohol, illegal chemical substances (including anabolic steroids) or opiates in any amount or in any manner on district property at any time. Any staff member convicted of a felony attributable to the use, possession, or sale of illegal chemical substances or opiates will be subject to disciplinary action, including immediate termination.
- Using district property or the staff member's position within the district to make or traffic alcohol, illegal chemical substances or opiates.
- Possession of firearms on school property is prohibited. (RCW 28A.600.420)

USE OF TOBACCO AND NICOTINE PRODUCTS ON SCHOOL PROPERTY

POLICY 4215

The board of directors recognizes that to protect students from exposure to the addictive substance of nicotine, employees and officers of the school district, and all members of the community, have an obligation as role models to refrain from use of tobacco products and delivery devices on school property at all times. Tobacco products and delivery devices include, but are not limited to cigarettes, cigars, snuff, smoking tobacco, smokeless tobacco, nicotine, electronic smoking/vapor devices and vapor products, non-prescribed inhalers, nicotine delivery devices, or chemicals that are not FDA-approved to help people quit using tobacco, devices that produce the same flavor or physical effect of nicotine substances and any other smoking equipment device, material or innovation.

Any use of such products and delivery devices by staff, students, visitors or community members will be prohibited on all school district property, including all district buildings,

grounds and district-owned vehicles, and within five hundred feet of schools. Possession by, or distribution of tobacco products to minors is prohibited.

The use of Federal Drug Administration (FDA) approved nicotine replacement therapy in the form of a nicotine patch, gum or lozenge is permitted. However, students and employees must follow applicable policies regarding use of medication at school.

Notices advising students, district employees, students and community members of this policy will be posted in appropriate locations in all district buildings and at other district facilities as determined by the superintendent and will be included in the employee and student handbooks. Employees and students are subject to discipline for violations of this policy, and school district employees are responsible for the enforcement of the policy.

SEXUAL HARASSMENT

POLICY 5011

This district is committed to a positive and productive working environment free from discrimination, including sexual harassment. This commitment extends to all employees and other persons involved in academic, educational, extracurricular, athletic, and other programs or activities of the school, whether that program or activity is in a school facility, on school transportation, or at a class or school training held elsewhere.

DEFINITIONS

For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature. Sexual harassment can occur student to adult, adult to adult or can be carried out by a group of students or adults and will be investigated by the District even if the alleged harasser is not a part of the school staff or student body. The district prohibits sexual harassment of district employees by other students, employees or third parties involved in school district activities.

Under federal and state law, the term "sexual harassment" includes:

- acts of sexual violence;
- unwelcome sexual or gender-directed conduct or communication that interferes with an individual's employment performance or creates an intimidating, hostile, or offensive environment;
- unwelcome sexual advances;
- unwelcome requests for sexual favors;
- sexual demands when submission is a stated or implied condition of a work opportunity or other benefit;
- sexual demands where submission or rejection is a factor in a work or other school-related decision affecting an individual.

A "hostile environment" for an employee is created where the unwanted conduct is sufficiently severe or pervasive to create a work environment that a reasonable person would consider intimidating, hostile, or abusive.

INVESTIGATION AND RESPONSE

If the district knows, or reasonably should know, that sexual harassment has created a hostile environment, the district will promptly investigate to determine what occurred and will take appropriate steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and effective steps reasonably calculated to end the sexual harassment, eliminate the hostile environment, prevent its recurrence and, as appropriate, remedy its effects. The district will take prompt, equitable and remedial action within its authority every time a report, complaint and grievance alleging sexual harassment comes to the attention of the district, either formally or informally.

Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. Regardless of whether the misconduct is reported to law enforcement, school staff will promptly investigate to determine what occurred and take appropriate steps to resolve the situation to the extent that such investigation does not interfere with an on-going criminal investigation. A criminal investigation does not relieve the district of its independent obligation to investigate and resolve sexual harassment.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending staff or other third parties involved in school district activities. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

RETALIATION AND FALSE ALLEGATIONS

Retaliation against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The district will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

STAFF RESPONSIBILITIES

The superintendent will develop and implement formal and informal procedures for receiving, investigating and resolving complaints or reports of sexual harassment. The procedures will include reasonable and prompt time lines and delineate staff responsibilities under this policy.

Any school employee who witnesses sexual harassment or receives a report, informal complaint, or written complaint about sexual harassment is responsible for informing the district's Title IX or Civil Rights Compliance Coordinator. All staff are also responsible for directing complainants to the formal complaint process.

Reports of discrimination and discriminatory harassment will be referred to the district's Title IX/Civil Rights Compliance Coordinator. Reports of disability discrimination or harassment will be referred to the district's Section 504 Coordinator.

NOTICE AND TRAINING

The superintendent will develop procedures to provide information and education to district staff, parents and volunteers regarding this policy and the recognition and prevention of sexual harassment. At a minimum, sexual harassment recognition and prevention and the elements of this policy will be included in staff and regular volunteer orientation. This policy and the procedure, which includes the complaint process, will be posted in each district building in a place available to staff, parents, volunteers and visitors. Information about the policy and procedure will be easily understood and conspicuously posted throughout each school building, provided to each employee and reproduced in each staff, volunteer and parent handbook.

POLICY REVIEW

The superintendent will be responsible for an annual internal review.

PROCEDURE 5011P

The procedure is intended to set forth the requirements of Policy 5011, including the process for a prompt, thorough, and equitable investigation of allegations of sexual harassment and the need to take appropriate steps to resolve such situations. If sexual

harassment is found to have created a hostile environment, staff must take immediate action to eliminate the harassment, prevent its reoccurrence, and address its effects.

This procedure applies to sexual harassment (including sexual violence) targeted at district employees carried out by students, employees or third parties involved in school district activities. The district has jurisdiction over these complaints pursuant to Title IX of the Education Amendments of 1972, Chapter 28A.640, RCW and Chapter 392-190 WAC.

NOTICE

Information about the district's sexual harassment policy will be easily understandable and conspicuously posted throughout each school building, provided to each employee and reproduced in each staff, volunteer and parent handbook. In addition to the posting and reproduction of this procedure and Policy 5011, the district will provide annual notice to employees that complaints pursuant to this procedure may be filed at the Human Resource Office, 107 1st St. N, PO Box 476, Yelm, WA 98597.

STAFF RESPONSIBILITIES

In the event of an alleged sexual assault, the school principal will immediately inform: 1) the Title IX/Civil Rights Compliance Coordinator so that the district can appropriately respond to the incident consistent with its own grievance procedures; and 2) law enforcement. The principal will notify the targeted district staff person of their right to file a criminal complaint and a sexual harassment complaint simultaneously.

CONFIDENTIALITY

If a complainant requests that his or her name not be revealed to the alleged perpetrator or asks that the district not investigate or seek action against the alleged perpetrator, the request will be forwarded to the Director of Human Resources for evaluation. The Director of Human Resources should inform the complainant that honoring the request may limit its ability to respond fully to the incident, including pursuing disciplinary action against the alleged perpetrator.

If the complainant still requests that his or her name not be disclosed to the alleged perpetrator or that the district not investigate or seek action against the alleged perpetrator, the district will need to determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students, staff and other third parties engaging in district activities, including the person who reported the sexual harassment. Although a complainant's request to have his or her name withheld may limit the district's ability to respond fully to an individual allegation of sexual harassment, the district will use other appropriate means available to address the sexual harassment.

RETALIATION

Title IX prohibits retaliation against any individual who files a complaint under these laws or participates in a complaint investigation. When an informal or formal complaint of sexual harassment is made, the district will take steps to stop further harassment and prevent any retaliation against the person who made the complaint, was the subject of the harassment, or against those who provided information as a witness. The district will investigate all allegations of retaliation and take actions against those found to have retaliated.

INFORMAL COMPLAINT PROCESS:

Anyone may use informal procedures to report and resolve complaints of sexual harassment. Informal reports may be made to any staff member. Staff will always notify complainants of their right to file a formal complaint and the process for same. Staff will also direct potential complainants to the Director of Human Resources. Additionally, staff will also inform an appropriate supervisor or professional staff member when they receive complaints of sexual harassment, especially when the complaint is beyond their training to resolve or alleges serious misconduct.

During the course of the informal complaint process, the district will take prompt and effective steps reasonably calculated to end any harassment and to correct any discriminatory effects on the complainant. If an investigation is needed to determine what occurred, the district will take interim measures to protect the complainant before the final outcome of the district's investigation (e.g., allowing the complainant to change academic or extracurricular activities or break times to avoid contact with the alleged perpetrator).

Informal remedies may include:

- An opportunity for the complainant to explain to the alleged harasser that his or her conduct is unwelcome, offensive or inappropriate, either in writing or face-to-face;
- A statement from a staff member to the alleged harasser that the alleged conduct is not appropriate and could lead to discipline if proven or repeated;
- A general public statement from an administrator in a building reviewing the district sexual harassment policy without identifying the complainant;
- Developing a safety plan;
- Separating staff persons; or
- Providing staff and/or student training.

Informal complaints may become formal complaints at the request of the complainant or because the district believes the complaint needs to be more thoroughly investigated. The district will inform the complainant how to report any subsequent problems. Additionally, the district will conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to promptly respond and appropriately address continuing or new problems. Follow-up inquiries will follow a timeline agreed to by the district and complainant.

FORMAL COMPLAINT PROCESS

LEVEL ONE – Complaint to District

Anyone may initiate a formal complaint of sexual harassment, even if the informal complaint process is being utilized. At any level in the formal complaint process, the district will take interim measures to protect the complainant before the final outcome of the district's investigation.

The following process will be followed:

Filing of complaint

- All formal complaints will be in writing and will set forth the specific acts, conditions or circumstances alleged to have occurred and to constitute sexual harassment. The Title IX Coordinator officer may draft the complaint based on the report of the complainant for the complainant to review and approve. The superintendent or Title IX Coordinator may also conclude that the district needs to conduct an investigation based on information in his or her possession, regardless of the complainant's interest in filing a formal complaint.
- The time period for filing a complaint is one year from the date of the occurrence that is the subject matter of the complaint. However, a complaint filing deadline may not be imposed if the complainant was prevented from filing due to: 1) Specific misrepresentations by the district that it had resolved the problem forming the basis of the complaint; or 2) Withholding of information that the district was required to provide under WAC 392-190-065 or WAC 392-190-005.
- Complaints may be submitted by mail, fax, e-mail or hand-delivery to the Title IX Coordinator, Human Resource Director, 107 1st St. N, PO Box 476, Yelm, WA 98597, (360) 458-1900. Any district employee who receives a complaint that meets these criteria will promptly notify the Coordinator.

Investigation and response

The Title IX Coordinator will receive and investigate all formal, written complaints of sexual harassment or information in the coordinator's possession that they believe requires further investigation. The Coordinator will delegate his or her authority to participate in this process if such action is necessary to avoid any potential conflicts of interest. Upon receipt of a complaint, the Coordinator will provide the complainant a copy of this procedure.

Investigations will be carried out in a manner that is adequate in scope, reliable and impartial. During the investigation process, the complainant and accused party or parties, if the complainant has identified an accused harasser(s), will have an equal opportunity to present witnesses and relevant evidence. Complainants and witnesses may have a trusted adult with them during any district-initiated investigatory activities. The school district and complainant may also agree to resolve the complaint in lieu of an investigation.

When the investigation is completed the Coordinator will compile a full written report of the complaint and the results of the investigation.

Superintendent response

- The superintendent/designee will respond in writing to the complainant and the alleged perpetrator within thirty (30) calendar days of receipt of the complaint, unless otherwise agreed to by the complainant or if exceptional circumstances related to the complaint require an extension of the time limit. In the event an extension is needed, the district will notify the complainant in writing of the reason for the extension and the anticipated response date. At the time the district responds to the complainant, the district must send a copy of the response to the Office of the Superintendent of Public Instruction.
- The response of the superintendent or designee will include: 1) a summary of the results of the investigation; 2) a statement as to whether a preponderance of the evidence establishes that the complainant was sexually harassed; 3) if sexual harassment is found to have occurred, corrective measures the district deems necessary, including assurance that the district will take steps to prevent recurrence and remedy its effects on the complainant and others, if appropriate; 4) notice of the complainant's right to appeal to the school board and the necessary filing information; and 5) any corrective measures the district will take, remedies for the complainant (e.g., sources of counseling, advocacy and other support), and notice of potential sanctions for the perpetrator(s) (e.g., discipline).
- The superintendent's or designee's response will be provided in a language the complainant can understand and may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act of 1964. If the complaint alleges discriminatory harassment by a named party or parties, the coordinator will provide the accused party or parties with notice of the outcome of the investigation and notice of their right to appeal any discipline or corrective action imposed by the district.
- Any corrective measures deemed necessary will be instituted as quickly as possible, but in no event more than thirty (30) days after the superintendent's mailing of a written response, unless the accused is appealing the imposition of discipline and the district is barred by due process considerations or a lawful order from imposing the discipline until the appeal process is concluded. Staff may also pursue complaints through the appropriate collective bargaining agreement process or anti-discrimination policy.
- The district will inform the complainant how to report any subsequent problems. Additionally, the district will conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to promptly respond and appropriately address continuing or new problems. Follow-up inquiries will follow a timeline agreed to by the district and complainant.

LEVEL TWO – Appeal to Board of Directors

Notice of appeal and hearing

- If a complainant disagrees with the superintendent's or designee's written decision, the complainant may appeal the decision to the district board of directors by filing a written notice of appeal with the secretary of the board within ten (10) calendar days following the date upon which the complainant received the response.
- The board will schedule a hearing to commence by the twentieth (20th) calendar day following the filing of the written notice of appeal, unless otherwise agreed to by the complainant and the superintendent or for good cause.
- Both parties will be allowed to present such witnesses and testimony as the board deems relevant and material.

Decision

- Unless otherwise agreed to by the complainant, the board will render a written decision within thirty (30) calendar days following the filing of the notice of appeal and provide the complainant with a copy of the decision.
- The decision will be provided in a language that the complainant can understand, which may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act.
- The decision will include notice of the complainant's right to appeal to the Superintendent of Public Instruction and will identify where and to whom the appeal must be filed. The district will send a copy of the appeal decision to the Office of the Superintendent of Public Instruction.

LEVEL THREE – Complaint to the Superintendent of Public Instruction

Filing of complaint

- If a complainant disagrees with the decision of the board of directors, or if the district fails to comply with this procedure, the complainant may file a complaint with the Superintendent of Public Instruction.
- A complaint must be received by the Superintendent of Public Instruction on or before the twentieth (20) calendar day following the date upon which the complainant received written notice of the board of directors' decision, unless the Superintendent of Public Instruction grants an extension for good cause. Complaints may be submitted by mail, fax, electronic mail, or hand delivery.
- A complaint must be in writing and include: 1) A description of the specific acts, conditions or circumstances alleged to violate applicable anti-sexual harassment laws; 2) The name and contact information, including address, of the complainant; 3) The name and address of the district subject to the complaint; 4) A copy of the district's complaint and appeal decision, if any; and 5) A proposed resolution of the complaint or relief requested. If the allegations regard a specific student, the complaint must also include the name and address of the student, or in the case of a homeless child or youth, contact information.

Investigation, Determination and Corrective Action

- Upon receipt of a complaint, the Office of the Superintendent of Public Instruction may initiate an investigation, which may include conducting an independent on-site review. OSPI may also investigate additional issues related to the complaint that were not included in the initial complaint or appeal to the superintendent or board.
- Following the investigation, OSPI will make an independent determination as to whether the district has failed to comply with RCW 28A.642.010 or Chapter 392-190, WAC and will issue a written decision to the complainant and the district that addresses each allegation in the complaint and any other noncompliance issues it has identified. The written decision will include corrective actions deemed necessary to correct noncompliance and documentation the district must provide to demonstrate that corrective action has been completed.

- All corrective actions must be completed within the timelines established by OSPI in the written decision unless OSPI grants an extension. If timely compliance is not achieved, OSPI may take action including but not limited to referring the district to appropriate state or federal agencies empowered to order compliance.

A complaint may be resolved at any time when, before the completion of the investigation, the district voluntarily agrees to resolve the complaint. OSPI may provide technical assistance and dispute resolution methods to resolve a complaint.

LEVEL FOUR – Administrative Hearing

A complainant or school district that desires to appeal the written decision of the Office of the Superintendent of Public Instruction may file a written notice of appeal with OSPI within thirty (30) calendar days following the date of receipt of that office's written decision. OSPI will conduct a formal administrative hearing in conformance with the Administrative Procedures Act, Chapter 34.05, RCW.

MEDIATION

At any time during the complaint procedure set forth in WAC 392-190-065 through 392-190-075, a district may, at its own expense, offer mediation. The complainant and the district may agree to extend the complaint process deadlines in order to pursue mediation.

The purpose of mediation is to provide both the complainant and the district an opportunity to resolve disputes and reach a mutually acceptable agreement through the use of an impartial mediator. Mediation must be voluntary and requires the mutual agreement of both parties. It may be terminated by either party at any time during the mediation process. It may not be sued to deny or delay a complainant's right to utilize the complaint procedures.

Mediation must be conducted by a qualified and impartial mediator who may not:

1) Be an employee of any school district, public charter school, or other public or private agency that is providing education related services to a student who is the subject of the complaint being mediated; or 2) Have a personal or professional conflict of interest. A mediator is not considered an employee of the district or charter school or other public or private agency solely because he or she serves as a mediator.

If the parties reach agreement through mediation, they may execute a legally binding agreement that sets forth the resolution and states that all discussions that occurred during the course of mediation will remain confidential and may not be used as evidence in any subsequent complaint, due process hearing or civil proceeding. The agreement must be signed by the complainant and a district representative who has authority to bind the district.

TRAINING AND ORIENTATION

A fixed component of all district orientation sessions for staff, students and regular volunteers will introduce the elements of this policy. Staff will be provided information on recognizing and preventing sexual harassment. Staff will be fully informed of the formal and informal complaint processes and their roles and responsibilities under the policy and procedure.

Certificated staff will be reminded of their legal responsibility to report suspected child abuse, and how that responsibility may be implicated by some allegations of sexual harassment. Regular volunteers will get the portions of this component of orientation relevant to their rights and responsibilities.

Students will be provided with age-appropriate information on the recognition and prevention of sexual harassment and their rights and responsibilities under this and other district policies and rules at student orientation sessions and on other appropriate occasions, which may include parents.

As part of the information on the recognition and prevention of sexual harassment staff, volunteers, students and parents will be informed that sexual harassment may include, but is not limited to:

- Demands for sexual favors in exchange for preferential treatment or something of value;
- Stating or implying that a person will lose something if he or she does not submit to a sexual request;
- Penalizing a person for refusing to submit to a sexual advance, or providing a benefit to someone who does;
- Making unwelcome, offensive or inappropriate sexually suggestive remarks comments, gestures, or jokes; or remarks of a sexual nature about a person's appearance, gender or conduct;
- Using derogatory sexual terms for a person;
- Standing too close, inappropriately touching, cornering or stalking a person; or
- Displaying offensive or inappropriate sexual illustrations on school property.

MAINTAINING PROFESSIONAL STAFF/STUDENT BOUNDARIES

POLICY 5253

The purpose of this policy is to provide all staff, students, volunteers and community members with information to increase their awareness of their role in protecting children from inappropriate conduct by adults.

The board of directors expects all staff members to maintain the highest professional, moral and ethical standards in their interaction with students. Staff members are required to maintain an atmosphere conducive to learning, through consistently and fairly applied discipline and established and maintained professional boundaries.

The interactions and relationships between staff members and students should be based upon mutual respect and trust, an understanding of the appropriate boundaries between adults and students in and outside of the educational setting, and consistency with the educational mission of the schools.

Staff members will not intrude on a student's physical and emotional boundaries unless the intrusion is necessary to serve an educational or physical, mental and/or emotional health purpose. An educational purpose is one that relates to the staff member's duties in the district. Additionally, staff members are expected to be sensitive to the appearance of impropriety in their own conduct and the conduct of other staff when interacting with students. Staff members will discuss issues with their building administrator or supervisor

whenever they suspect or are unsure whether conduct is inappropriate or constitutes a violation of this policy.

The board of directors supports the use of technology to communicate for educational purposes. However, district employees are prohibited from inappropriate online socializing or from engaging in any conduct on social networking Web sites that violates the law, district policies or other generally recognized professional standards. Employees whose conduct violates this policy may face discipline and/or termination, consistent with the district's policies, acceptable use agreement and collective bargaining agreements, as applicable.

The superintendent or designee will develop staff protocols for reporting and investigating allegations and develop procedures and training to accompany this policy.

PROCEDURE 5253P

The purpose of this procedure is to provide all staff, students, volunteers and community members with information to increase their awareness of their role in protecting children from inappropriate conduct by adults.

In a professional staff/student relationship, school employees maintain boundaries that are consistent with the legal and ethical duty of care that school personnel have for students. A boundary invasion is an act or omission by a school employee that violates professional staff/student boundaries and has the potential to abuse the staff/student relationship.

An inappropriate boundary invasion means an act, omission, or pattern of such behavior by a school employee that does not have an educational purpose and results in abuse of the staff/student professional relationship.

UNACCEPTABLE CONDUCT

Examples of inappropriate boundary invasions by staff members include but are not limited to the following:

- Any type of inappropriate physical contact with a student or any other conduct that might be considered harassment under board policies 3207 – Prohibition of Harassment, Intimidation and Bullying and 5011 – Sexual Harassment;
- Showing pornography to a student;
- Singling out a particular student or students for personal attention and friendship beyond the professional staff-student relationship;
- Socializing where students are consuming alcohol, drugs or tobacco;
- For non-guidance/counseling staff, encouraging students to confide their personal or family problems and/or relationships. If a student initiates such discussions, staff members are expected to refer the student to appropriate guidance/counseling staff;
- Sending students on personal errands unrelated to any educational purpose;
- Banter, allusions, jokes or innuendos of a sexual nature with students;
- Disclosing personal, sexual, family, employment concerns, or other private matters to one or more students;
- Addressing students or permitting students to address staff members with personalized terms of endearment, pet names, or otherwise in an overly familiar manner;
- Maintaining personal contact with a student outside of school by phone, email, Instant Messenger or Internet chat rooms, social networking Web sites, or letters (beyond homework or other legitimate school business) without including the parent/guardian;
- Exchanging personal gifts, cards or letters with an individual student;
- Socializing or spending time with students (including but not limited to activities such as going out for beverages, meals or movies, shopping, traveling, and recreational activities) outside of school-sponsored events, except as participants in organized community activities;

- Giving a student a ride alone or being alone in a vehicle in a non-emergency situation; and/or
- Unnecessarily invading a student's privacy (e.g. walking in on the student in the bathroom).

APPEARANCES OF IMPROPRIETY

The following activities are boundary invasions and can create an actual impropriety or the appearance of impropriety. Whenever possible, staff should avoid these situations. If unavoidable these activities should be pre-approved by the appropriate administrator. If not pre-approved, the staff person must report the occurrence, to the appropriate administrator, as soon as possible.

- Being alone with an individual student out of the view of others;
- Inviting or allowing individual students to visit the staff member's home;
- Visiting a student's home or other locations outside of school for non-educational purposes; and/or
- Social networking with students for non-educational purposes.

REPORTING VIOLATIONS

Students and their parents/guardians are strongly encouraged to notify the principal (or other administrator) if they believe a teacher or other staff member may be engaging in conduct that violates this policy.

Staff members are required to promptly notify the principal (or other administrator) or the superintendent if they become aware of a situation that may constitute a violation of this policy.

DISCIPLINARY ACTION

Staff violations of this policy may result in disciplinary action up to and including dismissal. The violation will also be reported to the state Office of Professional Practices. Violations involving sexual or other abuse will also result in referral to Child Protective Services and/or law enforcement in accordance with the board's policy on Child Abuse, Neglect and Exploitation Prevention (3421).

DISSEMINATION OF POLICY AND REPORTING PROTOCOLS

This policy and procedure shall be included on the district Web site and in the district staff, student and volunteer handbooks. Annually, all administrators and staff will receive copies of the district's reporting protocol.

TECHNOLOGY – ACCEPTABLE USE POLICY

POLICY 2022 - INTRODUCTION

Yelm Community Schools supports access by students and staff to a wide range of telecommunications technologies. It is anticipated that this access will enrich the teaching and learning environment, and it will allow end-users to develop skills necessary to be contributing members in an information society. The telecommunications technologies provided by the Yelm Community Schools are for a limited educational purpose. "Acceptable use" is that which supports the educational mission of the school district. The use of telecommunications technologies is a privilege and not a right, and as such, this privilege may be revoked at any time.

ISSUES

In order to ensure the appropriate use of the network and conformity to this policy and legal guidelines, the district reserves the right to monitor, access, archive, and disclose any and all data contained, stored, or transmitted using district equipment. District staff will have no expectation of privacy.

Yelm Community Schools uses a content filtering system to comply with CIPA (Children's Internet Protection Act) regulations. The filtering is designed to identify web sites that educators believe are inappropriate for students and to prohibit access to those sites. The district recognizes that no technology measure can block 100% of the undesirable content and the district emphasizes the importance of staff supervision in monitoring student use. The district also realizes that in its attempt to block inappropriate sites some appropriate sites may be blocked. It is the responsibility of all staff to:

- Set a good example for students.
- Guide students in the selection and evaluation of educational materials.
- Follow the district's guidance to report sites needing to be blocked or allowed.
- Help students develop informational literacy skills including conformity to copyright laws and the concept of intellectual property.
- Help students develop safe practices while learning in an online world, particularly when the educational experience involves chat rooms, email, and other forms of direct electronic communications.

13. District staff will comply with all copyright laws and guidelines with respect to copying material in digital format and intellectual property.
14. Vandalism is not permitted and will be strictly disciplined. Vandalism is defined as any attempt to harm or destroy data of another user or of another agency or network that is connected to the Internet. Vandalism includes, but is not limited to, the uploading, downloading, or creation of computer viruses. It also includes attempts to gain unauthorized access to a network that is connected to the Internet.

Violation(s) of the above regulations will be subject to disciplinary procedures commensurate with the violation. The matter will be referred to the superintendent of

schools or his/her designee(s). Netiquette: Staff are expected to abide by the generally accepted rules of network etiquette.

This medium also provides a means of meeting the National Educational Technology Standards in which staff members use technology to communicate and collaborate with peers, parents, and the larger community in order to nurture student learning. Staff member web pages are public documents welcoming the outside world to the classroom and linking students and staff to outside sources of information. Guidelines are required in the construction of all school district web pages to ensure safety for students, staff, and the district. Information on all pages must be appropriate for any Internet user from around the world to access.

Staff members posting web sites are responsible for meeting the guidelines in this document. These guidelines cover the content management of any staff web page that

communicates with students and/or parents, regardless of the provider/ownership of such sites.

ENERGY & RESOURCE CONSERVATION PROGRAM

The following guidelines are set forth to establish standard practices to conserve energy and natural resources while maintaining optimum working conditions and sound financial management (Policy 6810).

Resource conservation goals for the district:

- **Reduce the district's demand for energy and water.**
- **Avoid unnecessary utility costs.**
- **Minimize the amount of waste of consumable materials.**
- **Promote conservation principles with all students and district staff.**

It is the joint responsibility of administrators, support personnel, teachers, and students to contribute to energy efficiency and avoid unnecessary utility costs to ensure the achievement of energy savings throughout the district. The resource conservation program will provide district staff with training and guidance on the best practices to accomplish conservation goals. The site administrator will be provided with information reflecting the utility consumption for his/her building on a regular basis and reports are to be shared with the building staff. Facilities are encouraged to set an example of environmental stewardship and develop responsible behaviors toward natural resource use.

FACILITY LIGHTING

- Where possible, we are all encouraged to take full advantage of natural light in classrooms and work areas. Consider leaving artificial lights off or use multi-level lighting when natural illumination is adequate.
- When classrooms, shops, and offices will be unoccupied for 5 minutes or longer, lights should be switched off. Occupancy lighting controls will be used when applicable for maximum lighting efficiencies.
- When gyms, auditoriums, and multi-purpose rooms will be unoccupied for 30 minutes or longer, lights should be off (or half-off where applicable).
- Lighting in hallways and commons areas should be turned off at the end of the school day or when no longer needed for scheduled activities and events.
- For school activities, events, and facility use beyond school hours, use the amount of lighting necessary in the occupied areas only.
- Night custodians should only turn on lights in the immediate area in which they are working.
- All outside lights will be turned off during daylight hours, using photo sensors where possible.
- Outside building and parking lot lights should be scheduled off between 11:10 pm - 5:50 am (or 10 minutes after building is secured and 10 minutes prior to first custodian arrival). Safety lighting will be operated at a necessary minimum.

HVAC SYSTEMS - HEATING, VENTILATION & AIR CONDITIONING

General Guidelines

- HVAC systems should be operated in the most economical way possible to provide the indoor climate that is appropriate for a specific activity, meets indoor air quality standards, and protects equipment.

- A school closure of three or more days, including weekends, will be viewed as an opportunity for energy conservation and HVAC systems will be set for holiday scheduling.
- After-hour operation of building HVAC systems must be authorized by the administrator and follow Facility Use and Rental procedures.
- Every opportunity to decrease HVAC system operating times should be considered by the Resource Conservation Manager and site administrator. These may include early dismissal, canceled school, inclement weather days, in-service days, and other canceled events or activities.

School Days

- On regular school days, the HVAC system start up times are set sequentially to minimize demand charges and to assure achievement of temperature set points prior to occupancy.

<u>Area</u>	<u>Heating set point maximum</u>
Auditoriums	70°F
Classrooms	70°F
Gyms and Exercise Rooms	66°F
Locker Rooms	70°F
Hallways.....	66°F
Kitchens, Cafeterias, Multi-Purpose Rooms	68°F
Libraries	70°F
Maintenance Shops/Warehouses	66°F
Offices	70°F
School Shops	66°F
Storage & Unoccupied Spaces.....	55°F

Acceptable temperature deviation from set point is 2°F heating and 4°F cooling by using local thermostat or central control energy management system. Some variations may be allowed based on specific HVAC system and facility needs. All set points are subject to change as the needs of the district change.

- Air conditioning set points shall be no less than 74°F during occupancy and 85°F during unoccupied periods. Under no circumstances will air conditioning be used in unoccupied rooms during the summer months. Exception: computer lab and server room cooling set points should be set at 72°F to protect equipment. Close doors and windows when the air conditioning equipment is in operation.
- When operable windows are available, air conditioning should not be used if the outside air temperature is cooler than the indoor space temperature.
- Staff members are responsible for closing windows, blinds, drapes, and shades in their individual work spaces at the end of each day to minimize heat loss.

Nights, Weekends, Holidays and Vacation Days

- At night and on weekends and holidays, the building shall be operated at an unoccupied temperature set point of 55°F. Some variations may be allowed based on specific HVAC system and facility needs.
- Beyond regular school hours and days, normal HVAC will be provided for authorized school activities and events and approved Facility Use, but will not be provided for informal or "pick up" activities.
- On weekdays when school is not in session, the entire building shall be operated at unoccupied settings. If offices and classrooms are occupied by regularly assigned staff, zone heating shall be used rather than heating the entire building. HVAC settings for zoned areas shall be the same as regular school day operation.

DOMESTIC WATER HEATERS

- Thermostats for water heaters servicing washrooms and classrooms will be set not to exceed 120°F.

- Thermostats for dishwashing boosters and water heaters servicing kitchens will be set not to exceed the minimum necessary to generate a water temperature of 180°F at the jets.
- Hot water boosters for dishwashers shall be operated only when the dishwasher is in service.

ELECTRICAL APPLIANCES / EQUIPMENT

- Individuals are responsible for the electrical appliances in their work spaces.
- All electrical office and classroom appliances should be turned off at the end of the work day, including computers, monitors, printers, copiers, scanners, desk lights and display lights. Exception: main building servers.
- For safety and energy reasons, space heaters are to be eliminated from use in all buildings.
- Consider energy efficient (i.e., "Energy Star") products when appliances are replaced or purchased new.
- Minimize the number of refrigerators and freezers outside of the kitchens. Combine multiple units in common areas.
- All refrigerators and freezers are to be cleaned out and unplugged during summer break. Leave doors propped open to prevent mold.
- Facilities and food service will control the shutdown of all kitchen refrigeration and equipment.
- Kilns, self-cleaning ovens, washers/dryers and any other high-energy use items should only be activated between 2 pm and 5 am to minimize peak electrical demand charges.

DOMESTIC WATER USE AND IRRIGATION

- Students and staff are expected to practice water conservation at every opportunity.
- Building plumbing and irrigation equipment leaks are to be reported and repaired as soon as possible.
- Landscaping should use draught-tolerant design and native plants whenever possible. These areas will not be irrigated once established.
- Irrigation months shall be limited to April through October. During non-irrigation months, meters shall be deactivated with the proper utility agency.
- Irrigation timers will be programmed for the most efficient watering schedule for a specified landscape and soil type. Irrigation control systems will only be operated by district grounds staff.
- All outdoor watering should be scheduled to minimize evaporation, prevent disease, and protect irrigation equipment.
- During draught seasons, irrigation will be limited to secondary school playfields and newly planted landscape beds and dress lawns.

SOLID WASTE AND RECYCLING

- All students and staff should consider Reducing, Reusing, and Recycling whenever possible to minimize the amount of solid waste entering our dumpsters and landfills.
- The custodial staff will monitor the quantity in the garbage and recycling dumpsters. Dumpster size and frequency of pick-ups will be adjusted according to need and cost economy.
- Regular hauling service will be discontinued and put into "On Call" status during winter and summer vacations.

NOTIFICATION OF PESTICIDE USE

Upon request, the district will provide notification to staff and parents of the district's pest control policies, methods and its posting and notification requirements (Policy 6895).

ASBESTOS HAZARD EMERGENCY RESPONSE ACT NOTIFICATION

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA). This required schools to be inspected to identify any asbestos-containing building materials. In 1989, Yelm Community Schools had an initial AHERA inspection performed. Every three years, Yelm Community Schools is required to be re-inspected.

It is the intention of the Yelm Community Schools to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work.
