TEACHER OF THE YEAR
Every year Yelm Community Schools selects a Teacher of the Year. This year, Mill Pond’s own Ms. Katherine Overhauser has been chosen. Ms. O is truly an inspiration, she develops and continues great relationships with her parents and always put her students first,” stated Mill Pond Principal Jeri Person. Ms. O is continuously praised for her selflessness and unending dedication by her colleagues. Please take a moment to congratulate Ms. O. We are very proud you are a part of the Mill Pond team.

Do you have a child about to enter the 6th Grade?
A new vaccine is available that can protect adolescents against tetanus, diphtheria, and
pertussis (Tdap). The Tdap vaccine is recommended for all children aged 11 years and
older. This vaccine should replace one tetanus-diphtheria (Td) booster.

Starting July 1, 2007, children going into sixth grade will be required to show proof of Tdap vacci-
nation if it has been five years since receiving a tetanus-containing vaccine (DTaP, DT, or Td).

Please remember, your child’s school must have updated documentation of all immunizations be-
fore the first day of school in the fall of their 6th grade year. A health check-up that includes vaccina-
tions is recommended for all children age 11-12 years. Schedule your child’s check-up appointment as
soon as possible to make sure they get the vaccinations needed for school.
